HISTORY OF THE RUS ENERGY GROUP

The group has a long way since its humble beginnings as a small family-run business. Founded over 35 years ago, we have forged our way in the petrochemical industry thanks to our commitment to quality, innovation, and customer service. From our early days of distributing a small range of products, we have expanded our offerings to include a wide range of fuels, lubricants, and specialty chemicals.

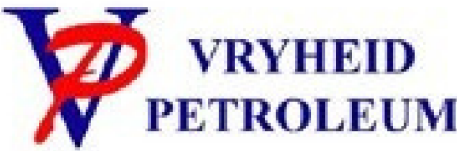

THE BROADER GROUP TODAY

The group is well established with a 35-year trading history. Each business is a specialist in its field. Being part of a business group with an established track record can provide several benefits. For one, the group’s experience can help to mitigate risk and increase the chances of success for new ventures. Additionally, the group’s reputation and proven track record can open doors to new opportunities, such as partnerships and investment.

Furthermore, being part of a group can provide access to shared resources, such as knowledge, networks, and support, which can help to reduce costs and increase efficiency. Overall, being part of a business group with a proven track record can provide a valuable advantage for businesses looking to grow and succeed.

The Group consists of:

- Vryheid Petroleum
 - Edge Gas
 - Edge Fuels
 - Hazclean Environmental
- Synkhem Chemicals and Blending - Rus Energy
 - Bokamoso Fuels

FUTURE GROWTH OF THE GROUP

The group of companies associated with Rus Energy have vast experience and an established footprint. Rus Energy is well positioned for growth.

South African crude oil refineries are not sustainable and have or will soon close operations. Petrochemical products will be imported in large volumes into South Africa and Southern Africa. Rus Energy and the wider Group have an established business footprint and distribution capability. The importation of petrochemical products and the distribution thereof, together with locally sourced products, presents a huge growth opportunity for Rus Energy.

We seek the right partners and customers to execute the opportunities and share in mutual growth.
